

SENATE AND HOUSE

Programme of the National Lawmak-
ers For the Present Week.

EARLY ADJOURNMENT EXPECTED

Dupont Election Case to Be Revived In
the Senate—Indian Appropriation Bill
May Be Disposed of—Missionaries In
Turkey Who Abide by Law and Order
Will Not Be Persecuted.

WASHINGTON, April 13.—The Dupont election case was reviewed in the senate today when Senator Chandler made a speech in support of the committee report favorable to seating Mr. Dupont. He was then followed by Senator Gray in opposition to the report. This matter consumed the greater part of the day. The remainder of the time was given to the consideration of the Indian appropriation bill. There will then be an effort to go on with the Indian bill until it shall be disposed of, but there are several special orders on the calendar for the week which may interfere more or less with this programme. There is a unanimous agreement to take up Senator Peffer's resolution for the investigation of the bond issues for the past two years tomorrow. If not set aside the question probably will give rise to a spirited financial debate of uncertain duration. The bill to reduce the cases in which the death penalty may be imposed in the United States courts is a special order for Wednesday. Senators Lodge and Nelson have given notice for speeches on Thursday on the immigration bill reported by Mr. Lodge from the committee on immigration.

MISSIONARIES WILL BE SAFE.

All That Is Asked Is For Them to Ob-
serve the Laws of the Country.

WASHINGTON, April 13.—The Turkish legation has received from the sublime porte the following cablegram: "It has been falsely stated that the missionaries would be expelled. The imperial government has not taken and does not intend to take any general measure of expulsion of missionaries and Catholic priests. Those among them who attend peacefully to their business are not and will not be disturbed. But, surely, it cannot be the same for those who by their attitude try to disturb the order and tranquillity of the country and place themselves in open hostility to the laws and regulations in force in the empire. The imperial government, watchful of the maintenance of public security, has the duty to send them away from its territory and in so doing it avails itself of a right which in all justice nobody could contest."

WORK OF THE HOUSE.

What the Lower Branch of Congress
Will Do This Week.

WASHINGTON, April 13.—The general deficiency appropriation bill—the last of the supply bills—is in process of preparation in the appropriations committee, and pending the reporting of that bill to the house a variety of matters, which have been held in abeyance in order that the appropriation bills might not be pressed, will be brought up for action. The most important of these is the bankruptcy bill, to which it is expected the house will devote several days. There are also several minor banking bills, including a bill to increase the circulation of national banks to the par value of the bonds deposited, and one or two general pension bills. Today is District of Columbia day, but district matters will occupy but a short time and it is expected that the fortification bill, which is on the calendar, will be passed before adjournment tonight.

SILVERITES WIN.

State Convention, However, Expected to
Declare For Sound Money.

MONTGOMERY, Ala., April 13.—Further reports from Saturday's primaries confirm the nomination of Joseph F. Johnson of Jefferson county, free silverite, over Clarke, sound money advocate. It now appears that Johnson will have 574 delegates in the state convention out of 504, though there is some dispute about one or two of the counties. It is believed, however, the state convention, which meets here on the 21st, will adopt a sound money platform and endorse the administration of Mr. Cleveland. By resolutions, Populists and others who would promise to support the nominees were admitted to participate in the primaries, and many Populists availed themselves of the privilege, voting for Johnson on account of his free silver views.

TROUBLE NOT UNLIKELY.

Collision Between Democrats and Fusion-
ists May Occur.

LITTLE ROCK, April 13.—The political outlook in northern Louisiana discloses an alarming condition of affairs and serious trouble with a strong probability of much bloodshed at the approaching election which occurs on April 21 is predicted. The fusion opposition to the Democrats are making a determined effort to win and there is no use denying the fact that the Democratic ticket is in danger. Should the negroes take the advice of their leaders and go to the polls armed there will certainly be trouble on election day, which if once started, is bound to result in great bloodshed. The free silver men, it is well understood, will try and elect one of their own men to congress next fall.

OPPOSED TO MCKINLEY.

Judge Stevens Says No Loyal A. P. A.
Will Support Ohio's Ex-Governor.

CINCINNATI, April 13.—Judge J. H. D. Stevens of St. Louis, chairman of the national executive committee of the A. P. A., passed through Cincinnati last night on his way to Boston. Regarding the fight that the A. P. A. is making against Major McKinley, Judge Stevens said: "It is true that the A. P. A. will not give to Major McKinley its support, either for the nomination or for the election in November should he be nominated. His record is such that no A. P. A. member who is true to his principles and who has not been weaned away from the association by promises of an office, can support it. Mr. McKinley has never recognized this organization."

TEXAS TORNADO.

Several Persons Injured and Much Dam-
age Done by Wind and Rain.

ABILENE, Tex., April 13.—A terrific storm, the velocity of the wind being 60 miles an hour, accompanied by an inch of rainfall, swept over this section last night. In this place four residences and half a dozen workshops were demolished and a number of residences moved from their foundations and otherwise badly damaged and many buildings unroofed. Telegraph, telephone and electric light poles were blown down and telegraph communication cut off for some time. Mrs. McKinney was seriously and Mrs. Johnson painfully injured, their residences being destroyed.

Meet of the National L. A. W.

LOUISVILLE, April 13.—Aug. 10 to 15, the days asked for by the local organization of the L. A. W. meet of '96, have been sanctioned by Chairman Gideon of the national racing board and preparations for the star cycling event of the year are under full headway. The work is under the general direction of the '96 Meet club, whose officers are the men most prominently connected with cycling in this city. A large attendance is expected.

WOMEN'S VOTES THROWN OUT.

Complication In the Peru and La Salle
High School Election.

PERU, Ill., April 13.—The township high school election in this city and La Salle brought out the largest vote ever polled at a school election in this locality. The proposition to build the school, favored by the La Salle half of the township, was sustained by a majority of 194 votes. The affair is not, however, without complications that may yet defeat the school, mainly because of the fact that the women voted at the election; separate ballot boxes being provided. These votes were thrown out on the final count, whereas many are contending that they were lawfully polled and should be counted. It is certain that the women are entitled to vote for school officers, but as to their power to vote where an appropriation is required, no test has been made in the higher courts of the state. A test case arising out of this complication is probable.

Would Not Be Dared.

SHELBYVILLE, Ind., April 13.—Yesterday William Bruce, colored, was walking on North Pike street carrying a rifle, while Joseph Tracey and one or two other boys were tantalizing him from the other side of the street. Finally one of them dared him to shoot at the party. To their astonishment Bruce drew the gun and commenced shooting. The result was that Tracey fell to the sidewalk with a bullet through his left lower limb, which will make him a cripple for life.

St. Louis Dogcatcher Convicted.

ST. LOUIS, April 13.—John Rapp, the dogcatcher charged with murder in the first degree, was found guilty of manslaughter in the fourth degree in Judge Edmund's court yesterday and sentenced to two years in the pen. On Oct. 15 Rapp shot John Hopper, 16 years old. The boy died from the effects of his wound Jan. 5. Rapp claims that Hopper had thrown stones at him while he was driving by on his wagon.

SPORT WARDS.

Gala times still continue at the Greek festival at Athens. Alexander McCallum, a stock breeder of Kingston, Ont., was gored to death by a bull.

Harry Wright day is being generally observed in baseball circles throughout the country today.

Colonel J. Martin of St. Louis has been chosen to be sergeant-at-arms to the Democratic national convention.

Maher and Slavin have been matched to fight before the Eureka club, L. L. on May 29 for a purse of \$6,000, \$1,000 to be given to the loser.

Romulus Cottell, alias John Smith, despite his written confession of the murder of the Stone family at Tallmadge, O., has entered a plea of not guilty.

Lavinia Jones, a colored servant 12 years of age, is under arrest at Norfolk, Va., charged with poisoning a family, one of whom is dead and four others very ill.

An unknown man about 40 years of age was killed in the railroad yards at Ora, Ill. The name S. Kyle Stephens was written on a paper found in his pocket.

A dynamite bomb was exploded under a hotel at Lithonia, Ga., where a number of nonunion laborers were stopping. No one was injured. It is supposed to be the work of union men.

Mrs. William Duke, aged 60 years, supposed to have died Friday, was found in her residence at Ashland, Ill. The only other occupant of the house was a 2-year-old child, who was locked up with the body.

Agris Anderson has been arrested at Glenwood Springs, Colo., on a charge of exploding a charge of giant powder under the residence of James W. Ross. The house was totally destroyed, but the family of three escaped death.

WILL THEY INSTRUCT

Probable Issue In the Republican State
Convention.

MCKINLEY FRIENDS AND ANTIS.

Former Determined to Work For an In-
structed Delegation, While the Latter
Will Oppose—This Question to Over-
shadow the Gubernatorial Nomination.
Length of the Convention.

INDIANAPOLIS, April 13.—Ordinarily it would be expected that candidates before a state convention would make the liveliest and prettiest political battle imaginable. Last week there were 15 aspirants, but Mr. Gardner of Davis county has withdrawn. But there are signs that this contest is not to be the "storm center" in the Republican state convention, which is to meet here May 7. The battle royal, by the admissions of several different leaders, is to be fought out between the McKinley supporters and the anti-McKinley element.

The former say the sentiment of the party in the state is so strongly in favor of the Ohio man that instructions ought to be issued to every delegate to vote for him first, last and all the time. They unequivocally assert that there is not the shadow of excuse for belief that the convention may turn to Harrison, as the ex-president has already given sufficient discouragement to such action and would in all probability go further if he thought there was need to do so. They call the Harrison talk buncombe, in fact, and say his name has been revived as a hope for stemming the tide already set in for McKinley.

The McKinley opposition want to know how the Indiana delegates would feel with their hands tied if the Ohio man should fall of nomination. Such a delegation, they say, might as well stay at home. It is also argued that to instruct would be a reflection upon the intelligence and honesty of the delegates to be chosen, who ought to be in a position to take advantage of any situation that may arise and could be turned to the advantage of Indiana. They say they do not object to the selection of recognized friends of McKinley and are willing that such men should be sent to St. Louis to support the "apostle of protection," but insist that an exigency might arise wherein the privilege of casting the vote for some one else would be especially desirable, all the time hinting that the some one else may be Benjamin Harrison of Indiana.

Expect to Offer Resolutions.

The McKinley people have decided to offer resolutions of instruction to the state convention. The other element is determined to oppose the consummation of such a move. Both sides are at work marshaling forces. It is well for all hands to prepare for the issue.

The length of this struggle, accompanied by the lively contest for place at the head of the state ticket, will determine whether or not the convention will be in session one or two days. For making the rest of the ticket there will not be a great length of time required, as, with possible one or two exceptions, the nominations not made by acclamation will be decided on the first ballot, as in most cases there are but two contestants. It is generally recognized, however, that the last convention made a serious mistake in holding a continuous session, running well into the morning of the next day. If there are appearances of such a condition again there is no doubt that a recess will be taken until the morning of the 8th, and it is being urged in many quarters that delegates come prepared to stay in the capital until the business of the convention may be properly concluded.

JUSTICE CAME QUICKLY.

Arrested and Sent to the Penitentiary
Within an Hour.

MUNCIE, Ind., April 13.—John Miller was arrested Saturday afternoon at the Columbian hotel on the charge of larceny, he having stolen a number of articles from the proprietor's room. His arrest occurred at 2:30 o'clock. He was taken before the mayor, bound over to court, placed in jail and then taken before Judge Koons and at 3:10 o'clock was sentenced to one year in the penitentiary.

He came here Thursday from Chicago, where he has a mother and child. He stated that he was a machinist by trade, but from articles found in his trunk the police think that he is a professional crook. Among the articles was a great amount of silverware, on which "Marble hotel" was engraved. The quickness in which he received his sentence breaks all previous records. Sheriff Sherry left for the penitentiary with Miller at once.

GRAND ARMY PREPARATIONS.

List of Speakers Who Will Entertain the
Old Soldiers.

SOUTH BEND, Ind., April 13.—The principal speakers for the annual encampment in this city on May 13 and 14 of the Indiana department, G. A. R., are: Commander-in-Chief Walker, A. 1. General Robbins, General James R. Canahan, Dr. W. T. Stott, Henry C. Adams, Dr. D. R. Lucas, Hon. J. B. Cheandle and Dr. Daniel Ryan. The great reception campfire will be held on the evening of May 12, and the presiding officer will be General Canahan. The presiding officers on the following evening at the several camp fires will be Department Commander H. B. Shively, Past Commander A. D. Marsh and Past Commander James T. Johnston.

INGERSOLL'S SERMON.

What He Said to the Militant Church
Congregation.

CHICAGO, April 13.—Colonel Robert G. Ingersoll spoke before the Militant church congregation yesterday in response to an invitation extended by the pastor, the Rev. John Rusk. He was greeted by a large audience.

"There is no darkness but ignorance," was the opening sentence of the address by the noted orator, who from the outset argued forcefully for intellectual development. He contended that "every human being is a necessary product of conditions, and every one is born with defects for which he cannot be held responsible. Nature seems to care nothing for the individual, nothing for the species."

ROBERT G. INGERSOLL.

His argument for the betterment of mankind was directed against war and the preparations therefor, which were accomplished at a waste of \$10,000 a minute, a fund which if used in another direction would result in great good. Churches also are conducted at too great an outlay. For correctness he suggested the laying aside of dogmas and creeds and the formation of one general place of worship in towns of four or five thousand people. He thinks there should be but one church in such towns, and that this should be open seven days in a week. It should be devoted to all forms of amusement, including theatricals, music, billiards, cards, etc. He would lessen crime by making schools of the penitentiaries and would put dangerous criminals on some isolated island, separating the sexes.

The problem of the home, the labor question and education of the children were themes which were daringly handled. The accomplishment of all he urged was not expected soon, he said, but a step in that direction would be for those earning a surplus in life's conquest to devote a part thereof toward rescuing the fallen, helping those who are helping themselves and to give work to the idle. "Let us flood the world with intellectual light," he said in concluding.

CLEVELAND CONFLAGRATION.

Many Lives Imperiled and Property De-
stroyed In an Early Morning Fire.

CLEVELAND, April 13.—A fire which started early yesterday morning in a 3-story tenement house at the corner of Muirson and Oregon streets caused a loss of \$10,000 and put the lives of the members of 15 families in peril for a brief period. The fire started on the second floor of the building, which was a frame structure, and the occupants of the upper suites of rooms all reached the fire escapes in safety, with the exception of one young woman named Mary Cox, who jumped from a third story window and was badly hurt. Charles Watkins with his wife and baby occupied one of the flats. He was awakened by smelling smoke. Hastily rousing his wife and child, he attempted to escape by the way of the hall, but the flames dove him back. Then he burst open the door of the room of Miss Mary and Anna Cox. Watkins told them to come with him. He then smashed the panel in the door leading to the next suite, occupied by Miss Mae Burke. From the window of this room the fire escape could be reached and Miss Burke had already started to descend it. Watkins pulled his wife and child and Miss Anna Cox through the hold in the door and placed them on the fire escape. He then went back for Miss Cox, but just as he reached her she plunged from the window. She was caught by men below and escaped with a broken arm and a few burns. The losses are mostly covered by insurance.

Lost the Infirmary.

OTTAWA, Ill., April 13.—George K. Goulding, wanted in a number of places for alleged swindling, has been released here, the indictment upon which he was held having been stolen from the court-house.

Split in the Convention.

NASHVILLE, April 13.—The proceedings of the Republican congressional district convention of the Ninth district at Union City yesterday afternoon were boisterous and at times the delegates were a howling mob. The row began over the election of a chairman and was kept up and a split occurred, resulting in two conventions and each elected delegates to St. Louis and also endorsed McKinley.

May Be a Murderer.

CHICAGO, April 13.—William McChristie fell out of a 2-story window at a lodginghouse at 74 Van Buren street and was fatally injured. Just how the accident occurred is not known, and the police are investigating it. Several men are said to have been in the room at the time.

TRAMPS AS ROBBERS

They Hold Up an Agent and Friend
and Lock Them In a Car.

LITTLE GAIN FOR THE EFFORT.

Preparations Being Made For the G. A. R.
Encampment—Watchman of the Tolles-
ton Gun Club Accidentally Killed—My-
sterious Death of Jacob Kuberna at
Wellsville—Indiana Notes of Interest.

SOUTH BEND, Ind., April 13.—R. R. McGladery, night agent of the Lake Shore and Michigan Southern railroad at Mishawaka, this county, and William Lamphere, a friend in the office with him, were held up early yesterday morning by two burly tramps. The agent had just received permission from his train dispatcher to leave the station for a short time and turning around peered into the barrels of two big revolvers. From Lamphere the tramps secured only \$1.25 and from McGladery \$3 and a fine pair of shoes. The only pocket in McGladery's clothes which they did not touch contained \$100, which he had recently drawn from a bank. The tramps then took \$11 from the till, stopped the clock and marched the two men to a boxcar, where they locked them in and escaped. McGladery and Lamphere remained prisoners until nearly daylight, when a train crew released them.

MINERS MAY STRIKE.

Delegates Selected to Make a New Scale
Are Dismissed.

BRAZIL, Ind., April 13.—The action of a number of miners' lodges in the block coal district indicates a strike, as they dismissed the delegates previously appointed to select a committee to confer with the operators relative to a mining scale. These miners claim that the operators will have to modify the proposition they made last Saturday, inasmuch as they stated that they would not pay over 70 cents a ton, even if the Pennsylvania scale went to \$1. The miners also say they will not sign the scale proposed by the operators unless they have a benefit in the raise in the same proposition granted in competing fields.

Wouldbe Murderer Escapes.

WHITEHALL, Ill., April 13.—Fulton F. Worcester, lumber dealer and leading citizen, was shot twice with a revolver yesterday morning by a burglar in his bed chamber. The burglar then jumped out the window and escaped. Bloodhounds were brought from Jacksonville, but so many people had visited the scene of the shooting that no definite starting point could be found. Seven other houses were entered but nothing of value procured. Mr. Worcester is suffering much pain, but it is thought that his injuries will not prove fatal.

Mystery Surrounds His Death.

LAPORTE, Ind., April 13.—Jacob Kuberna of this city was found dead on the Grand Trunk railroad track at Wellsville, this county. How his death occurred is shrouded in mystery. He was waiting to take a train home, and as it was late he walked a short distance down the track, and that was the last seen of him until his dead body was found.

Will Be With the Marion Chronicle.

INDIANAPOLIS, April 13.—Walter K. Landis, who has been in this city several years as the correspondent of Cincinnati Commercial Gazette and on the local staff of The Journal, will leave the city this afternoon for Marion, where he will be with the Marion Chronicle, in which paper he has recently obtained an interest.

Gun Club Watchman Killed.

HAMMOND, Ind., April 13.—Richard B. Stone of Louisville, Ky., a watchman on the grounds of the Tolleston Gun club, was accidentally shot and killed. While pushing a boat in the river his rifle was discharged, the ball entering his right side and passing through his body.

INDIANA NEWS NOTES.

Florida is in the throes of a hydrophobia scare. Jay county infirmary, costing \$21,000, has been completed. Herbert Duling of Jonesboro is demented on the subject of spiritualism.

A receiver has been appointed for G. M. Wyson & Co., confectioners, Indianapolis. Several citizens of Shelbyville are organizing a company for the relief of Cuba.

A thief stole \$500 from the bookkeeper of the Bates House, Indianapolis, Saturday.

Residents of Mitchell have voted to build 21 miles of macadamized road in that city and township.

Wade Simpson and Miss Laura Nutter of Martinsville eloped Saturday and were married at Jeffersonville.

William Coughlin, aged 70, and Mrs. Martha W. Morrow, aged 70, pioneers of Indianapolis, died Saturday.

Charlotte Ludoviz, an actress, aged 17, who travelled with the "Eight Bells" company, died at Elkhart Saturday.

The boot and shoe store of F. O. Harris of Thornton was plundered Saturday night and \$50 worth of goods taken.

The jury in the White saloon case at Shelbyville disagreed Saturday. The remaining cases will be pushed to the end.

Members of the senior class of the Girls' Classical school at Indianapolis successfully gave "Love's Labor Lost" Saturday night.

Over 400 Indianapolis bicyclists took out licenses Saturday. It was the busiest day in that line ever experienced by the city controller.

VESSEL OVERDUE.

Men and Shipping Material Suffering on
the New Foundland Coast.

ST. JOHNS, N. E., April 13.—Twenty-eight men were driven off shore on the ice Saturday night. Two steamers which have been searching for them returned last night unsuccessful. One man landed last night and supposed the others were ashore. The steamer Kito from the seal fisheries yesterday with a full cargo reports all the remaining ships but the Ranger. The latter has not been heard from since March 20, when it was learned that she was badly nipped and very leaky. Fears are now being expressed for her safety. She had over 200 men on board.

ALABAMA LYNCHING.

Citizens Decide Not to Wait For the Law
to Do Its Duty.

SEALE, Ala., April 13.—Reddick Adams, who was in jail charged with the murder of R. F. Renfro, a prominent merchant of this place, was taken from jail last midnight by a mob and hanged. The crime for which Adams was lynched was committed last November. The negro waylaid Mr. Renfro, killed him and then robbed the body, afterward burning Renfro's house. Adams was tried last week, but his case was continued and the citizens fearing he would be acquitted decided to lynch him.

Married a Blind Pugilist.

CINCINNATI, April 13.—Frank Maciewski, the pugilist, and Clara Weber were married yesterday. While Maciewski and Miss Weber were walking on the street some months ago Frank Coleman, a colored pugilist, who had a grudge against Maciewski, made an uncomplimentary remark about the woman. Coleman was prepared for Maciewski resenting the insult, and threw concentrated lye in the latter's face, also burning Miss Weber. Maciewski lingered many weeks in the hospital, becoming blind and disfigured. Miss Weber has been his constant attendant during his affliction.

Honors For Royalty.

VENICE, April 13.—The stately ceremonies incident to the visit here of the emperor and empress of Germany continue and the interest and friendly enthusiasm of the people is unabated. The city is in festive attire and nothing could exceed the brilliancy of the color effects of some of the decorations of the houses and of the innumerable floating craft.

Fatal Stabbing Affray.

CHICAGO, April 13.—Louis Miller was fatally stabbed yesterday by William Hite, colored, at a lodginghouse at 45 Plymouth place. Hite was locked up at the central station and Miller taken to the county hospital. Miller is 26 years old and has been a night watchman in Chicago for a long time.

Canal Work to Be Begun Soon.

JOLIET, Ill., April 13.—Work will be commenced at section 15 of the drainage channel, at Lockport, in a few days. A large number of the men who will be employed on the controlling works on that section are already in Lockport.

Ex-Senator Ingalls Sick.

ATCHISON, Kan., April 13.—Ex-United States Senator John J. Ingalls is sick abed at his home here suffering from a severe cold contracted on a recent trip north. His friends appear worried over his condition, but his family state that nothing alarming is anticipated.

Too Near the Tiger.

PERU, Ind., April 13.—John Murphy, engineer for the L. E. and W. railroad at Indianapolis, who is visiting in this city, made a visit to the winter quarters of the Wallace circus yesterday, and getting too near a den of tigers one of them grabbed him by the neck, tearing his coat and shirt and cutting a deep gash in his neck, narrowly missing the jugular vein. The enraged animal was beaten off with irons, and Murphy was rescued before the gaze of 300 frightened spectators.

Sandbagged and Robbed.

INDIANAPOLIS, April 13.—About 8 o'clock last evening James Magorrit, a former living near New Augusta, was assaulted by three men while passing along Highland street. The three men crept up behind him and one of them knocked him senseless with some heavy weapon, probably a sandbag. The footpads obtained only \$1.10, failing to find the watch which their victim carried. He was badly beaten, but will recover.

May Be a Murderer.

KOKOMO, Ind., April 13.—Thomas Maple, a glassblower employed at the Swayzes works, was found dead this morning on the track of the Toledo, St. Louis and Kansas City railway near Sims. Circumstances indicate possible murder.

Harrisons Attend Church.

INDIANAPOLIS, April 13.—General and Mrs. Harrison attended church here yesterday. The beautiful weather encouraged many to attend services, and many eyes were turned upon the newly married couple.

STORM STRIKES DENVER.

Railway Traffic Suffers Much Inconven-
ience By Its Appearance.

DENVER, April 13.—The storm of last night was the most disastrous of the winter traffic of the winter. Little snow fell in Denver, but the trains on all roads running into the city have been delayed, and the Union Pacific, Denver and Gulf was obliged to annul all its trains on the southern branch. The train from Fort Worth got no further than Trinidad. News of almost unprecedented snowfall comes from all points south of here in Colorado and northern New Mexico.

The observing American citizens, keeping one eye on the treasury returns during the next six months, and the other on the swelling tide for protection that is rolling over the country, will wonder if the treasury balance will hold out until a president and a congress are installed for protection and revenue.

The senior class have shown good, sound wisdom in selecting

Dr. J. P. D. John as their orator for commencement day. Dr. John is a speaker of great ability, and no where is this ability better known than here at his home. The people of Greencastle will be glad of the opportunity to again hear one of his masterly addresses.

The county commissioners will meet tomorrow to let gravel road repair contracts. Tax payers should keep their eyes open and see how near the board holds to the new law on the matter; see how many superintendents they appoint and also see whether they by ballot apportion the county into three districts as required by law.

DEMOCRATIC claquers who are howling for "reform" in Greencastle city are playing the dog-in-the-manger act. These worthies would have a reduction made in salaries in Greencastle. Let that be as it may, but let us look into the salary question in Putnam county a little. In the county many office holders and several families have grown rich out of public office. The present democratic councilman from the first ward for years held the best office in Putnam county, an office that paid \$4000 or higher per year in salary. He never asked a county commissioner to vote no on his bill as he filed it in the commissioners' court, but he now votes no upon every just allowance in the city council. This salary of \$4000 or \$4500 or perhaps \$5000 has been by law (not by any act of Putnam county officials) cut to \$2400 per year. The county clerk's salary has been cut from an enormous figure to \$2200, the treasurer from a high figure to \$2000, the sheriff from a princely salary to \$2100 and the recorder from a fat office to \$1400. These salaries were cut with the expiration of terms of officers elected in 1890. Now where has there been any reduction in county taxes on account of this slump in salaries? Also where is there any in contemplation? Taxes in Putnam county are getting higher continually, and salaries are considerably lower. True the people pay nearly as much in fees into these offices but where is the gain? It taxes and running expenses are to continue at a high figure and higher than they were with high salaries, who is benefited? Is the people a gainer by the new arrangement? We think not. And it might be said that the Putnam county people will never profit by any reduction in salaries in Putnam county. The mismanaging officers in the court house will find a sink-hole for every cent that comes in and then will cry for more, and the people pay that more in increased taxes. Here is a beautiful example of reduction of salaries. Democrats of Putnam county never lowered any salaries. In fact the office-holders fought it, contributing money to a lobby at Indianapolis to defeat the salary law. But with a heavy reduction, Putnam's taxes are higher and the farmer's land is worth less than it was. Should democracy or any hybrid combination with democrats be successful in the city, there would be no "reform" as democrats are want to call it. Taxes would be higher and there would be nothing to show for money spent. This is the record of the democratic party in Putnam county. Why think of giving them an opportunity in the city?

THERE are individuals who temporarily make their homes in Greencastle who are want to criticize the local government. They compare Greencastle to other cities and try to show that this city is not well managed and all the time know that they are merely talking because talk is cheap. These fellows when approached by the local assessor, always live in another city and therefore cannot be assessed. People who pay no taxes in Greencastle should keep still. It is unbecoming in them to talk against a government of which they confess, when they have to, that that they are not a part.

Judge E. K. Miller, of Bloomington, was in town today.

A Nasty Pair.

The "Strip" has in its time produced a number of mangy sensations but the one dished up down there Saturday evening takes the dough and furnished a most disgraceful exhibition. Dora Ruark, who it seems, has had enough experience in local police circles to know better, visited the city Saturday and loaded up on booze. He went to South Greencastle where he secured as a partner in his debauch one Mary Rairidon, a late comer to this city from the vicinity of Reelsville. They got beastly drunk together and then started out to see the sights. They were very affectionate and were seen by a number of people before they visited Maloney's park. Near the club house of the Greencastle gun club they were arrested while in a compromising position. Policeman Riley swooped down on the pair and arrested them. They were both very drunk he states, and it was with difficulty he could get a move on them. They were walked down to the west end of the Greencastle Manufacturing company's lake and then brought up to the Vandalia tracks. The female was so intoxicated she could scarcely walk and Ruark in his maudlin condition followed along meekly. Riley was about winded by his exertions and called in assistance, Omer Welch responding. Welch took care of Ruark who showed but little fight. The girl swore and charged around and in her rage stabbed Policeman Riley in the arm with a hat pin. A bus was summoned and the pair were given a free ride to the bastille, where they cooled off and sobered up. This morning in Mayor's court two charges were lodged against each of them. Ruark was charged with intoxication and association with prostitute. The Rairidon woman was charged with intoxication and prostitution. They were both fined \$5 and costs in the intoxication charge, amounting to \$14.75 in Ruark's case and \$13.75 in the woman's case. The curiosity of a gaping crowd was too much for the court and Mayor Birch adjourned the other cases for another time. The heavy fines will probably come on the next deal, as the limit was given in the intoxication charges.

What a Man Can Do.

A northern Indiana man has made application for his ninth divorce, and he did not begin his matrimonial career until he was fifty-five years old. This shows what a man can accomplish in any one direction by giving his whole attention to the matter.

Those contemplating a visit to Martinsville during the congressional convention on Thursday should form a party of ten and get rates. If a party of ten go they can secure a rate of \$2.85 each. There will be two coaches and a band on the 1:35 Vandalia train on Wednesday afternoon.

Gloom

Of ill health, despondency and despair, gives way to the sunshine of hope, happiness and health, upon taking Hood's Sarsaparilla, because it gives renewed life and vitality to the blood, and through that imparts glib, vigor and energy to the whole body. Read this letter:

"Hood's Sarsaparilla helped me wonderfully, changed sickness to health, gloom to sunshine. No pen can describe what I suffered. I was deathly sick, had sick headaches every few days and those terrible tired, despondent feelings, with heart troubles so that I could not go up and

to Sunshine

down stairs without clasping my hand over my heart and resting. In fact, it would almost take my breath away. I suffered so I did not care to live, yet I had much to live for. There is no pleasure in life if deprived of health, for life becomes a burden. Hood's Sarsaparilla does far more than advertised. After taking one bottle, it is sufficient to recommend itself." MRS. J. E. SMITH, Beloit, Iowa.

Clean Up.

It is the duty of every citizen to clean up in and about the premises he occupies. If each individual will look well to the cleaning arrangement of their premises, there need be no fear of contagious diseases this summer. This should be done, not alone to make the habitation more attractive but to make it more healthful. Through the long dreary winter rubbish, ash heaps, old cans, and many other articles have accumulated and they should be removed from the streets and alleys of our beautiful city. It will require but little labor on the part of each person to make a neat appearance of his yard, alley, and street. It is much more for the benefit of our citizens that this should be done, than one would suppose. If a stranger comes to our city and sees so much dirt and filth scattered around, he will not be pleased with the town. If a contagious disease should make its appearance there would not be so much harm done. If the city is kept in a good condition there will be no danger of spreading pestilence or contagion.

The Law on It.

The Fish Commissioner has received letters from the different parts of the State asking him to come and arrest fish law violators. The writers of these letters seem to be ignorant of the fact that every road superintendent in Indiana is a fish constable and that it is his sworn duty to arrest and prosecute all violators of the fish law. If anyone knows of a violator of the fish law he should at once notify the road supervisor of the fact, and if he neglects or refuses to enforce the law against the offender he is liable to a fine.

He Raised it Ten.

"No, sir; I am not a believer in X rays," said the old-time sporting man. "I've seen how they work. I was once in a little game of poker. I sat at the right of the dealer. The first man at his left opened the jack-pot for a couple of dollars. Four of the boys came in. I chipped in my two and gave them a raise of ten. The X raise didn't work. One of the boys came in with me. He drew a card; I stood pat. 'Your first bet, Bill,' they said. I pulled out a crisp \$20 and fired it at him. The double X didn't go. He called me on four lovely trays. I had a pair of deuces. No more X raise for me. If I hadn't tampered with one then I'd been \$30 better off."

A Terrible Accident.

A construction train on the Bedford Belt line went through a seventy-six foot trestle this morning. Five workmen were killed outright and others severely injured. The cars were loaded with rock and other heavy material. The engineer and firemen jumped in time to save themselves from death, but were badly hurt.

In some of the cities where Mrs. Ewing has given cooking lessons the colored folks attended in good numbers. There are a number of colored cooks in Greencastle and several have expressed an intention of attending. The managers will be glad to have the colored ladies attend the entire course where they will be welcomed along with the others taking lessons. The lecture tomorrow will be free and will be on the subject of bread-making. At Baker & Browning's hall at 2:30 p. m.

P. R. Christie today received a postal card from Amsterdam asking him for a wholesale price list of his shoes and an illustrated catalogue. The card was a curiosity containing four languages, blue on one side and white on the other. It was mailed on the 2nd inst. Mr. Christie answered that he was not in the wholesale business.

Notice This, Young Men!

The young republicans of Greencastle are requested to meet at the mayor's office on Wednesday evening for the purpose of perfecting the organization of a Young Men's Republican club. A meeting was held last week and the preliminaries arranged. The club will march on next Saturday to the depot to meet Col. Thompson to escort him to the city, and the matter of preparing for the event will be arranged at Wednesday's meeting.

The Dandy "Coffin Nails."

There is probably no other single evil indulgence that wrecks the human system to the extent that the habit of smoking cigarettes does. A post-mortem examination held on the body of an Indiana man who just died from the effects of the habit revealed the fact that the membranous sack inclosing the heart was enlarged until it held about a gallon of water, the heart was abnormally contracted, a fatty growth had formed, and both the lungs and spleen were enlarged and weakened by the disease.

The Time for Building

Up the system is at this season. The cold weather has made unusual drains upon the vital forces. The blood has become impoverished and impure, and all the functions of the body suffer in consequence. Hood's Sarsaparilla is the great builder, because it is the One True Blood Purifier and nerve tonic.

Hood's Pills become the favorite cathartic with all who use them. All druggists, 25c.

Demand an Investigation.

WASHINGTON, April 13.—Robert Bonney, an American citizen, was murdered in San Salvador March 28, and as a result the state department has demanded the fullest investigation. The case was brought to the attention of the United States officials by Congressman Marsh of Illinois, who had received a letter from Circuit Judge Bonney of Quincy, Ill., saying that his nephew Robert Bonney was engaged in business near Sonsonate, San Salvador, and the statement had reached him that his nephew had been killed.

An exchange wound up a compliment to a young schoolma'am with a good word about "the reputation for teaching she bears." The next day the infuriated schoolmistress met the editor and chased him down the street with a blue umbrella, and every jump in the road she screamed that she had never taught a she bear in all her life.

An exchange furnishes this recipe for breaking boys of the cigarette habit: "Try bribery, persuasion or the shutting off of his allowance. If he remains obdurate, use rawhide on rawhide—well him until he is ready to hold up his hands and promise to smoke no more of those little death dealers. If that does not stop him, drown him, as a drowned boy is better than one who smokes cigarettes."

Maggie Stutesman vs. John Stutesman is the title of a divorce case filed Saturday in Putnam circuit court. The plaintiff says she was married to defendant on November 11, 1892, and lived together as husband and wife until July 26, 1895; that defendant has since two weeks after their marriage been guilty of cruel and inhuman treatment of plaintiff. C. B. Case is attorney for the plaintiff and the case is a refile of a case dismissed by him in the last court.

To show how little knowledge some people have on the postal laws and the consequent proneness of certain individuals to criticize the postal department, we quote the following incident. An excited man rushed into the local postoffice Saturday and was mad all over. He had bought a money order, probably his first one, and instead of putting the order in his letter and mailing the same, he folded it up carefully put it in his inside vest pocket and kept it as a receipt for the money paid for the same. He waited patiently for an answer to his letter, which answer never came. His ire was aroused and of course he jumped on to the employees of Uncle Sam who had done their part of the work in the correct and routine way. The postal system of the country is an admirable one but it will not work correctly if such blunders as the above are made. Kickers should be patient as the fault is often of their own making.

On Saturday evening, the 11th inst. the family of Mr. John R. Miller, in their cosy home on Berry street, were aroused from dreamy reverie by a sudden burst of music, under their window. As soon as they could recover from their surprise they hurried to the door and were met by the members of the Greencastle Art club, arrayed in costumes of the past, each carrying a different instrument as well as sundry mysterious packages. Filing into the house, they seated themselves in solemn row and to the accompaniment of guitar, horns, calloope and whistles, sang with pathos and full hearts the beautiful words of "Long, Long Ago." Perhaps to the musical critic the ensemble work might have been improved, but individualism, which is after all the highest type of art, reached its culmination. There were more music, games, etc., after which refreshments were served in true artistic style, in four courses. The occasion of all this surprising merry-making was the birthday of Mrs. Miller. To those who spent the evening in her home, it is unnecessary to say the hours were winged and the hour was late when the company adjourned leaving with their ideal hostess, and loved friend many happy wishes, as well as testimonials more substantial.

Prof. Joseph Swain, president of Indiana university, was in the city Saturday.

Mrs. J. F. Bell, Ossaatomie, Kan., wife of the editor of The Graphic, the leading local paper of Miami county, writes "I was troubled with heart disease for six years, severe palpitations, shortness of breath, together with such extreme nervousness, that at times I would walk the floor nearly all night. We consulted the best medical talent. They said there was no help for me, that I had organic disease of the heart for which there was no remedy. I had read your advertisement in The Graphic and a year ago, as a last resort, I ordered a bottle of Dr. Miles' New Cure for the Heart, which convinced me that there was true merit in it. I took three bottles each of the Heart Cure and Restorative Nervine and it completely cured me. I sleep well at night, my heart beats regularly and I have no more smothering spells. I wish to say to all who are suffering as I did; there's relief untold for them if they will only give your remedies just one trial."

Dr. Miles' Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1.00 a bottle for \$5.00 or it will be sent prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

DEPAUW UNIVERSITY

THE BEST NEWS OF OUR GREAT AND GROWING INSTITUTION.

The Students' Doings—Their College and Social Life—Their Guests—Incidents and Notes of the Bright Lives of Many Young Men and Women Told by Special Reporter.

Friday and Saturday the base ball team played two excellent practice games. There is a sufficient number of candidates on the team to make out two nines and it is the intention of Captain Bayse to have a game played every day.

The Alpha Phi gave an informal reception Saturday evening after fraternity meetings in honor of Miss Kate Shepard, formerly of the class of '96. Music, games and refreshments were a few of the many pleasant refreshments of the evening.

Who will win the pennant in inter fraternity base ball?

John Temple Graves, the southern orator next Friday night.

Thursday's Chicago Record gives an account of the young Americans who are fighting in Cuba. Among those mentioned is W. A. Osgood, the famous foot ball player who coached for I. U. last fall. It appears that the reports that Mr. Osgood had been killed are not true. Mr. Osgood recently wrote to a friend in Indianapolis, it is said, that he "would either return a colonel or a corpse."

Indiana university is in mourning over the death of Judge Banta, dean of the I. U. law school. Recitations on Friday were dismissed and all social events for the week have been cancelled.

Dr. J. P. D. John, president of DePauw university, has been unanimously chosen by the senior class of that institution to make the commencement address this June. In view of the fact that all of the class and most of those who will hear the address have often listened to Dr. John, and since the com-

mencement orator is always chosen from the national leaders outside of the university and city, this is an unusual and flattering honor paid him.—Kokomo Tribune.

Quite a number of students were out riding Saturday afternoon.

Harry Maxwell pronounces the Merrikins Star Entertainers among the very best he has ever heard.

Miss Mary Goodwin attended the funeral of her aunt in Indianapolis yesterday.

Clyde Herron is enjoying a visit from his brother from Alleston, Ill.

Frank Strouse called on Beta Brothers Saturday night.

Miss Deirdre Duff was numbered among the sick yesterday.

The first base ball game will be played with Wabash on the McKeen field April 25, one week from next Saturday.

M. L. Daggy returned this morning from a lecture tour in western Indiana.

A number of inter-fraternity games of base ball this week.

The Merrikins Star Entertainers are the finest musicians in the city of Chicago. Don't fail to hear them Wednesday evening in Me-harry hall.

Prof. Cook and members of his classes went to Fern this morning.

GREENCASTLE GETS IT.

The Joint Representative Republican Convention to Come Here.

Greencastle is a favorite convention city and its easy access and good hotel facilities make it greatly sought after by the surrounding counties. The following official call is explanatory:

The delegates chosen by the republicans of Clay, Montgomery and Putnam counties to nominate a candidate for joint representative, are hereby called to meet in delegate convention at the mayor's office, in the city of Greencastle, on Thursday, April 23, 1896, at 2:30 o'clock p. m. for the purpose of selecting such candidate.

Clay is entitled to seventeen (17) votes, Putnam twelve (12) votes, and Montgomery twenty (20) votes in said convention.

JOHN R. BONNELL,
Chairman Montgomery County.
CHARLES B. CASE,
Chairman Putnam County.
D. W. BRATTIN,
Chairman Clay County.
